Independently Published, United States, 2019. Paperback. Condition: New. Language: English. Brand new Book. The art of Trump is of vital importance. This book is first of its kind. A shrewd investigation by candid means of intuitively cognitive big data mining - the project is important not only for the people of US and national interest, but also for the welfare of entire humanity, the world economy, the planet earth, the total political landscape, and of course, the public entertainment. Especially in the eve of US presidential re-election with the early light of dawning impeachment. Assume you are not Donald J Trump, you are sure to enjoy the reading: it's ON; it's Trump; it's social media Big Data; it's scientific - including IBM Watson Supercomputer and Google Vision AI; it's prophecy on our democracy; it's fun and you are entertained with large knowledge. It goes without saying, if you are Donald J. Trump, or a member of his trusted characteristic alliance (albeit the standing committee embodies only the first family), you/DjT will be a sure-fire fan of this file: the stuff dug out from your/DjT's mind is going to blow your/DjT's head. Benefited from Author's all-round bright cultivated intellect, delicate taste, candid, equitable, dispassionate mind, you are not only appreciating a courteous handling on piles of - but also making steady strides on the complex coding without even being aware of actually doing it, how magic is that! Let's start now & here. Advanced technologies manifest the power of visualization throughout the book. Illustrations, schematics, pictures, exceptionally well rendered 3-D high quality impressions stockpile nearly 50 units into one book collection. Complete Big Data miniature project with entire > 15000-word-novella-sized raw data embedded and occupied only part of the page P.51, plainly under your eye. It is irresistible to take a...
